# Wolfgang Warneke

CRO Developer  
Portland, Oregon, United States

## Summary

I enjoy patterns and value novelty—this makes me an excellent problem solver. With help from years spent as a multi-instrumentalist, I have developed a good ability to apply abstract models in new contexts—particularly transferrable to coding I've found! Every week I'm working on UX and conversion improvements for several e-commerce sites through testing and analysis and in my free time you'll find me studying up on more coding and analytics or playing music (mandolin, bass, fiddle, piano and pennywhistle lately). I have developed over 250 A/B tests with more on the way.  
Skills: A/B testing, JavaScript, front end development, Google Analytics, UX

---

## Experience

### The Good

2 years

#### CRO Developer

April 2018 - October 2019 (1 year 7 months)

Portland, Oregon

- develop and maintain internal codebase
- develop over 250 A/B tests
- use Google Tag Manager, Analytics and Optimize for testing and analysis

#### Front End and A/B Test Developer (contract)

November 2017 - March 2018 (5 months)

Portland, Oregon

- develop and QA front end A/B tests from provided specs and mockups

### LaunchCode

#### Teaching Fellow

May 2017 - October 2017 (6 months)

Portland, Oregon Area

- Help teach coding fundamentals to students, by leading smaller classroom sessions, conducting study sessions, and providing feedback on projects

- Curriculum included: Python, Flask, Java, Spring, test-driven development, Git, HTML, CSS, and JavaScript

## Portland Immersive Media Group

### Intern

2016 - 2016 (less than a year)

- learn VR development with Unity
- create sound interaction assets for VR environments
- create custom C# scripts for object interactivity
- produce 3-d models with Blender

## Brew Doctor Kombucha

### Bottling shift lead

June 2013 - July 2015 (2 years 2 months)

Portland, Oregon Area

- lead crew of 3-4 bottlers
- improve production line layout for efficiency and ergonomics

---

## Education

### Udacity

Google Analytics Nanodegree · (2019 - 2019)

### Udacity

React Nanodegree · (2017 - 2018)

### Epicodus

ASP.Net · (2016 - 2016)

### Mt. Hood Community College

Music · (2005 - 2008)

### Scappoose High School

· (2001 - 2005)
