WORK EXPERIENCE

Construction Manager

AECOM

📅 2012 - current

📍 Seattle, WA

- Strategized to ensure **100% of projects were complete** before deadlines while adhering to stringent budgets
- **Reduced equipment rental costs by 22%** by establishing and maintaining relationships and re-hire agreements with local vendors
- Managed teams of 23+ trades workers, laborers, and general construction workers
- Collaborated with tradespeople and 16+ other construction professionals on-site
- Supervised 33+ builds from residential to industrial scales

Construction Manager

HDR

📅 2008 - 2012

📍 Seattle, WA

- Overhauled budgeting system, reducing work time for planning and **budgeting potential projects by 36%**
- Monitored build progress, safety, and quality, avoiding missed deadlines and contributing to a 99% on-time project completion
- Managed projects grossing \$6 million per year
- Analyzed project proposals and blueprints, hiring subcontractors as necessary to meet budget and deadline needs of clients

Construction Worker

Prestige Plumbing & Heating

📅 2006 - 2008

📍 Seattle, WA

- **Utilized 13+ types of tools** and related equipment necessary to fit piping lines and fixture installation
- Managed deliveries, and lifting of 55+ pounds of equipment on-site
- Assisted plumbers by testing water piping and system sanitation, resulting in 0 customer complaints

CAREER OBJECTIVE

Skillful Construction Manager with 14+ years of experience in construction. Seeking opportunity with DSG Construction to enable large-scale projects through efficient management strategies. I've generated \$6M+ per year for companies, streamlined communication systems, and established equipment relationships, saving an average of \$22K per month.
