Lindsay Tereshyn

Director, Talent Acquisition at ecobee with expertise in candidate attraction and recruitment operations
Etobicoke, Ontario, Canada

Summary

As the Director of Talent Acquisition at ecobee, I lead a driven and talented team of recruitment professionals who are passionate about redefining the connected home space.

As the first hire at ecobee in recruitment I have been able to lead the creation of "hiring at ecobee" defining our processes and strategies for success. In earlier days at ecobee, I also supported the rapid growth and expansion of the company from 70 to 500+ by recruiting folks within QA, Hardware, and Software Engineering roles primarily.

I am motivated by ecobee's mission to create smarter solutions that are good for people and the planet, and I enjoy working with a diverse and collaborative team that shares this vision.

Experience

ecobee

7 years 5 months

Director, Talent Acquisition

June 2021 - Present (2 years 6 months)

Toronto, Ontario, Canada

As part of the Talent Team I am a key member of ecobee's growth. We are rapidly expanding as we continue to redefine the connected home space.

Manager, Talent Acquisition

May 2019 - June 2021 (2 years 2 months)

Toronto, Canada Area

Supporting a driven & extremely talented group of recruitment professionals

Senior Talent Acquisition Specialist

July 2016 - May 2019 (2 years 11 months)

Toronto, Canada Area

My focus is testing, engineering, and development! If this is your field of expertise please feel free to start a conversation via LinkedIn.

Jobspring Partners

Technical Recruiter

May 2014 - June 2016 (2 years 2 months)

Toronto, Canada Area

Jobspring Partners is a technical staffing agency that matches the most qualified IT professionals with organizations that offer rewarding full-time and contract career opportunities.

I worked on a specialized team that placed Product Managers, Mobile Developers (iOS, Android), Javascript developers (Angular, React, Node), Ruby Developers, Art Directors and UX Designers into full time and contract positions around the GTA.
