# Wolfgang K.

MBA Candidate at Cornell Johnson | Ex-Activision Blizzard |  
Finance, Investments, Modeling, Analysis, Emerging Markets, Data  
Science, Gaming, TMT  
New York, New York, United States

## Summary

As a fund manager at The Cayuga Fund, I apply my data analytics and business strategy skills to manage a student-run investment fund for Cornell's endowment. I am also a student fellow at Cornell Emerging Markets Institute, where I conduct research on the role of emerging markets in the global economy. Additionally, I was a summer associate at Azaí Consultores, a leading consulting firm in Latin America, where I worked on business development, pricing strategies, and project management. I am currently pursuing an MBA degree at Cornell Johnson Graduate School of Management, with a focus on finance and emerging markets. I have a BS degree in Business Administration and Management Information Systems from Fowler College of Business at San Diego State University. I have over seven years of experience as a senior data scientist and business strategist at Blizzard Entertainment, where I contributed to the development and success of multiple data products and games, such as World of Warcraft, Hearthstone, and Starcraft 2. I am passionate about using data and technology to create value and impact in the world of finance, gaming, and entertainment.
