# Sharon Wolfgang

Accomplished and Skillful Leader in the domain of Software Quality Assurance, Testing and Process Improvement  
Greater Philadelphia

## Summary

Proven and accomplished leader in the area of Software Quality Assurance, encompassing all skills required to lead a quality assurance and testing organization.

My key skills include effective management and organizational abilities, vendor management experience, QA and testing domain and industry standard practices. In addition, the use and framework around tooling, various development methodologies and oversight/governance to process and procedures.

My experience and application of key skills results in highly productive, highly effective large teams yielding known vs unknown quality.

---
